

## STATEMENT

# STATEMENT: CHAD WOLF ON THE CONTINUING RESOLUTION TO FUND THE GOVERNMENT

**WASHINGTON, D.C.** — Today, the America First Policy Institute released the following statement regarding the Continuing Resolution to fund the Government from **Chad Wolf, Executive Director and Chief Strategy Officer of the America First Policy Institute:**

“Congress this week will consider a continuing resolution to fund the government through December 16. This bill does nothing to address the top priorities of the American people — inflation, skyrocketing crime, and a wide-open southern border. Instead of voting on a clean continuing resolution that funds the government through the new year, Congress will instead allow a lame duck session of Congress decide the spending priorities for the next year.

Hardworking Americans deserve a Congress that will fight for economic prosperity, energy independence, and national security. Congress should demand that the continuing resolution extends into early 2023 so that a new Congress can begin to realign the government’s priorities with those of the American people.”
