

# CHINESE COMMUNIST PARTY (CCP) OWNERSHIP OF AGRICULTURAL LAND IS A THREAT TO MISSOURI

February 27, 2023

The CCP **DOES NOT** have a right to own U.S. agricultural land, but it is taking advantage of our Nation's vulnerabilities.

**27.5** million acres  
**IN MISSOURI**  
Open to CCP Control

ACCORDING TO USDA REPORTS, CCP HOLDINGS OF U.S. AGRICULTURAL LAND SURGED BY MORE THAN **5,300%** FROM **2010** TO **2020**

THE CCP NOW OWNS **352,140 acres** OF U.S. LAND VALUED AT **\$1.9 billion**

- ★ The 352,140 acres now controlled by the CCP could instead potentially be farmed by **800 American families**.
- ★ **11 states** (AZ, IA, KY, MD, MN, NE, ND, OK, PA, SC, and WI) have passed laws effectively restricting the CCP from owning agricultural land, and another 3 have introduced legislation.
- ★ U.S. citizens and companies may **NOT** own agricultural land in China.

State legislation **must protect Missouri agricultural land from the CCP and any company, entity, or individual associated with the CCP.**
