QUICK OVERVIEW:

In January 2023, the Biden Administration announced the CHNV parole scheme, whereby nationals of **Cuba, Haiti, Nicaragua, and Venezuela** who are inadmissible to the U.S. would be allowed in anyways and receive a range of benefits.

AN UNLAWFUL SCHEME:

This categorical parole program **unlawfully abuses** the limited authority Congress gave the Homeland Security secretary to temporarily allow an otherwise inadmissible alien into the U.S. on a case-by-case basis for either "urgent humanitarian reasons" or "significant public benefit."

WHY YOU SHOULD CARE:

The CHNV program is designed to **cook the books** because these numbers **do not** show up in the southern border 'encounters' - the numbers the Biden Administration claims are currently decreasing.
