

THE RADICAL LEFT'S BORDER & IMMIGRATION PLATFORM

August 27, 2024

AN AMERICA LAST PLAN:

The Left's newly released border and immigration policy proposals are the most radical **EVER**. Most notably, they fully **endorse the U.S. Citizenship Act of 2021** – the Biden-Harris Administration's signature proposal to grant amnesty to nearly all illegal aliens in the country, including criminals. This America Last proposal **rewards human traffickers** and contains no serious policies to solve the border crisis. This is the wrong approach for America.

WHAT IS INCLUDED IN THEIR PROPOSAL?

AMNESTY for all illegal aliens *who have illegally crossed our borders*, including those who impermissibly used taxpayer-funded welfare and unlawfully voted in U.S. elections ([H.R. 1177§245G\(c\)\(A\)](#)).

WAIVERS TO GRANT AMNESTY to *convicted criminal aliens, human traffickers, and other public safety threats*, and the halting the ability to remove illegal aliens with felony records ([H.R. 1177§245G\(c\)\(B\)](#)).

AMNESTY FOR PREVIOUSLY DEPORTED ILLEGAL ALIENS by requiring the government to *allow them back into the U.S.* to apply for amnesty at taxpayer expense ([H.R. 1177§245G\(b\)\(4\)](#)).

A PATHWAY TO VOTE by *requiring the issuance of social security numbers to illegal aliens*, allowing them to obtain drivers licenses and voter registration ([H.R. 1177§245B\(e\)\(5\)](#)).

ELIMINATION OF PENALTIES, *such as a ten-year reentry bar*, for illegal aliens already living in the U.S. ([democrats.org pg. 69-70](#)).

SEVERE LIMITS on Presidential ability to *restrict aliens coming into the U.S.*, from areas of the world who are “not in the national interest” This decisively puts the interests of illegal aliens over U.S. national security ([H.R. 1177§3202\(f\)](#)).

EXPANSION of *low skilled legal immigration* which pushes down wages and job opportunities for American workers ([democrats.org pg. 69](#)).

ELIMINATION of the word “alien” from the Immigration and Nationality Act, replacing it with the term “noncitizen.” This is part of a rhetoric game used to push an open-borders, pro-illegal immigrant agenda ([H.R. 1177§3\(a\)\(53\)](#)).

WAIVING the English-language *requirements* for naturalization for immigrants in certain cases ([H.R. 1177§3510](#)).

ELIMINATION of the *one-year filing deadline for asylum* – creating another loophole for illegal aliens to avoid being removed from the country ([H.R. 1177§4301](#)).

GRANTING *taxpayer-funded attorneys to illegal aliens* – a practice that will only encourage more illegal immigration and is outrageously unfair to American citizens ([democrats.org pg. 66](#)).
